During the function, we ask that guests regurlarly take any Beer or Wine glasses to the Main Bar as we only have a “limited amount of glasses” available. This is requested as we need to have them regularly washed and returned to the Fridge “to cool” so we can ensure we can serve you with a fresh glass of Beer or Wine during your function. Also any empty bottles & cans need to be placed in the yellow bins around the Club or also returned to the Bar.

The kitchen, if used, must be left vacant & fully cleaned & if you use the oven please make sure all the switches are fully turned off.

At the end of the Function please return all the Bowls on the trolley provided, back to the Mens Locker area at the end of the Building.

Any rubbish must be baggged up & we ask if you **can to please separate bottles & cans & place these next to the back door**. Any bags of general rubbish and food can be put in the Dump master bins located inside the Front Gate to the left, behind the steel door. This can also be accessed from the Kitchen back door.

Should the Green or Hall or Kitchen (if used) not be left in a satisfactory condition there will be a charge for cleaning.
